
Sandi Baressi Šegota

dr. sc., univ. mag. ing. comp. — Assistant Professor, Faculty of Informatics, Juraj Dobrila University of Pula

sandi.baressi.segota@unipu.hr | <https://ssegota.github.io> | ORCID | Google Scholar

PROFILE

Dr. sc. Sandi Baressi Šegota, univ. mag. ing. comp., is an Assistant Professor at the [Faculty of Informatics, Juraj Dobrila University of Pula](#), where his research predominantly focuses on Artificial Intelligence and Machine Learning. He earned his Doctorate of Science in Electrical Engineering in 2025. After completing Secondary Technical School Pula in 2013 and obtaining the qualification of Electrical Technician, he graduated from the Faculty of Engineering, University of Rijeka, with a bachelor's degree (*cum laude*) in Computer Science in 2017 and a master's degree (*cum laude*) in the same field in 2019. He enrolled in doctoral studies at the Faculty of Engineering in Rijeka later that year.

During his studies, he was an active member of the academic community, serving on the Student Council of the Faculty of Engineering and as the representative of doctoral students from 2020 to 2022. He began his professional career at the [University of Rijeka](#) in 2019 as a junior researcher and expert associate, working on the CEKOM SmartCity.4DII (KK.01.2.2.03.0004) and the Scientific Center of Research Excellence in Data Science "DATACROSS" (KK.01.1.1.01.0009).

In the private sector, he serves as a Lead Developer at [dAlignostics LLC](#), which focuses on groundbreaking research in health informatics and early neurodegenerative diagnostics. He also coordinates the architectural strategy and software implementation for the skincare mobile platform startup "[LiberiqAI](#)", exploring agentic structures. He frequently engages in joint academic outreach, delivering lectures at various events.

Throughout his academic career, Dr. Baressi Šegota has coauthored over 50 papers indexed in the Web of Science Core Collection, 30% of which he authored as the first author. He has also coauthored over 25 conference papers, 6 extended abstracts, and 1 book chapter. According to Google Scholar, his publications have been cited more than 1,000 times in total. His scientific and professional achievements have been recognized with several awards, including the 2021 Award for Exceptional Contribution to the Development and Promotion of Technical Culture by the Community of Technical Culture Pula and the Best Paper Award in the field of Artificial Intelligence in Medical Science at the SICAAI conference in 2023.

Beyond his academic and research activities, Dr. Baressi Šegota is an active member of the Astronomical Society "Istra" Pula (ADIP), which he joined in 2008. He has served as a member of the directorate since 2021 and as General Secretary since 2025. He serves as a representative in multiple bodies, including the Croatian Astronomical Union and the Community of Technical Culture, and volunteers for projects such as STEM Games and Istra-STEM. He has also been a member of the Institute of Electrical and Electronics Engineers (IEEE) since 2021 and of the Global Meteor Network (GMN) since its inception.

EDUCATION

- **Ph.D. in Electrical Engineering (dr. sc.), 2025**
[Faculty of Engineering, University of Rijeka](#)
- **Master's degree in Computer Engineering (mag. ing. comp.), cum laude, 2019**
[Faculty of Engineering, University of Rijeka](#)
- **Bachelor's degree in Computer Engineering (univ. bacc. ing. comp.), cum laude, 2017**
[Faculty of Engineering, University of Rijeka](#)

EXPERIENCE

- **Assistant Professor, 2025 - present**
[Faculty of Informatics, Juraj Dobrila University of Pula](#)

- **Lead Developer**, 2025 - present
dAIgnostics LLC — Health informatics and early neurodegenerative diagnostics
- **Architecture and software implementation**, 2025 - present
LiberiqAI — Skincare mobile platform startup; agentic structures
- **Research Assistant**, 2022 - 2025
Faculty of Engineering, University of Rijeka
- **Expert Associate - Junior Researcher**, 2019 - 2022
University of Rijeka — CEKOM SmartCity.4DII and DATACROSS projects

SKILLS

- **Robotics**
 - Industrial and collaborative manipulators
 - Path planning and trajectory optimization
 - Simulation (RoboDK, CoppeliaSim)
- **Artificial Intelligence**
 - Regression modeling
 - Convolutional neural networks
 - Data synthetization
 - Model interpretability
- **Evolutionary Computing**
 - Genetic algorithms and evolutionary optimization

AWARDS

- **2023** — Best Paper Award, Artificial Intelligence in Medical Science, SICAAI conference
- **2021** — Award for Exceptional Contribution to the Development and Promotion of Technical Culture, Community of Technical Culture Pula

TEACHING

- **Network Systems** — Lectures, Faculty of Informatics - Juraj Dobrila University of Pula
- **Operating Systems** — Lectures, Faculty of Informatics - Juraj Dobrila University of Pula
- **Robotics** — Lectures, Faculty of Informatics - Juraj Dobrila University of Pula
- **Internet of Things** — Lectures, Faculty of Informatics - Juraj Dobrila University of Pula
- **Application of Artificial Intelligence** — Laboratory and Auditory Exercises, Faculty of Engineering - University of Rijeka
- **Evolutionary robotics** — Laboratory and Auditory Exercises, Faculty of Engineering - University of Rijeka
- **Electronics** — Laboratory Exercises, Faculty of Engineering - University of Rijeka
- **Programming** — Laboratory Exercises, Faculty of Engineering - University of Rijeka
- **Basics of robotics** — Laboratory and Auditory Exercises, Faculty of Engineering - University of Rijeka
- **Robotics in industry** — Laboratory and Auditory Exercises, Faculty of Engineering - University of Rijeka

SELECTED TALKS

- **Health Informatics - what to teach to students**
Conference, Pula Gymnasium, Pula, Croatia, 2026
- **Evolutionary Computing in Electrical Engineering**
Lecture, Dante Alighieri Secondary School, Pula, Croatia, 2026
- **Asteroid hunting from Pula**
Lecture, Pula Observatory, Pula, Croatia, 2026
- **Understanding the Energy Expenditure Predictors of Collaborative Robots Using Statistical and Machine Learning Methods**
Conference, 2026 49th MIPRO ICT and Electronics Convention (MIPRO), Opatija, Croatia, 2026
- **To Boldly Go - Robots in Space**
Lecture, Pula Observatory, Pula, Croatia, 2026
- **Influence of Operator Physical Characteristics on Compliance With Collaborative Robot**
Conference, IHSI 2026, Florence, Italy, 2026
- **Interpretable Multimodal Framework for Assessing Cognitive Load and Stress in Collaborative Robot Environments**
Conference, IHSI 2026, Florence, Italy, 2026
- **Johann Palisa 1848-1925**
Talk, Dom hrvatskih branitelja, Pula, Croatia, 2025
- **Identification of Synthetic Data Source Points Using Data Similarity Indexes and Artificial Neural Networks**
Conference, Springer Nature, Switzerland, Switzerland, 2024

- **On differentiating synthetic and real data in medical applications**
Conference, University of Belgrade, Belgrade, Serbia, 2023
- **Preparation of Simplified Molecular Input Line Entry System Notation Datasets for use in Convolutional Neural Networks**
Conference, University of Kragujevac, Kragujevac, Serbia, 2021

SERVICE AND LEADERSHIP

- General Secretary of the Astronomical Society "Istra" Pula (ADIP) since 2025; member since 2008, member of the administrative board since 2021
- Representative in the Croatian Astronomical Union since 2025
- Representative in the assembly of the Community of Technical Culture Pula since 2025
- Member of the Institute of Electrical and Electronics Engineers (IEEE) since 2021
- Member of the Global Meteor Network (GMN) since its inception
- Volunteer with STEM Games and Istra-STEM
